Data gathered by Datasite Insights as of July 30th 2020

- **Mergers & Acquisitions** | Sharpen deal oversight with M&A-specific tools like buyer activity reports. Find everything fast with OCR search down to the character level across the data room. Streamline Q&A with our in-app tracker.
- **Restructuring** | Lead a tightly controlled process while reaching out to buyers and investors in mass with our streamlined asset marketing platform. Track all deal documents in one place. Know where you stand at a glance with every initiative on our Landing Page.
- **Capital Raises** | Extend your team with Datasite. Regardless of whether it's your Series A or IPO, you can count on our 200+ dedicated project managers and AI-enabled organization tools to get you up and running quickly.

- **Partnerships & Collaborations** | Protect IP, licensing and other sensitive communications with the strictest global security standards and granular permissions. Tackle HIPAA, GDPR & CCPA at scale with automated redaction. Tag by topic to keep PII permanently safe.
- **Strategic Repository** | Lean on our vast upload and storage capabilities for everything from clinical trial data, to regulatory communications, to NDA and contract management. Easily run clean and dirty rooms for post-merger integrations. Preserve one source of truth.
